The follow-up to 2010's *Clarity*, **OUTLIERS** comes after five years of working closely as a trio and represents the first true artistic statement from these three young musicians. 'It is rare that a musical vision is so complete, and completely of its own world.'  
**Australianjazz.net**

'..so damn absorbing.' **Bird is the Worm (US)**

'..you're not apt to notice the complexity since the flow is so liquid' **Something Else! (US)**

'if Bach had been the jazzman they said he would have been had he been born 250 years later then he may well have played like this' **Bebop Spoken Here (UK)**

'..the trio fuse majestically together' **UK Vibe**

'Here's a band that plays music of utter seriousness and the achievement shows, proud but never conceited. This is art as it's made in modern Australia: unpretentious but skilled, informed and deeply serious.' **Canberra Jazz Blog**
